๑ ADD ๑

Add the two given integers.

Input

The first line contains an integer A. The second line contains an integer B. $(1 \leqslant A, B \leqslant 1\,000\,000)$.

Output

Output the integer $A + B$.

Example

Input	Output
1 2	3
47 24	71
555555 444444	999999
